INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners of
Housing Authority of Plainfield

Report on the Financial Statements

I have audited the accompanying financial statements of the aggregate enterprise funds, business type activities and the discretely presented component unit of the Housing Authority of Plainfield (the "Authority") as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the accompanying table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluation of the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each enterprise fund, business type activities and the discretely presented component unit of the Housing Authority of Plainfield as of December 31, 2014 and its changes in net position, and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards for the year ended December 31, 2014 is presented on page 28 for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and is not a required part of the basic financial statements. The accompanying Schedule of Actual Capital Fund Program Costs and Advances presented on page 30, the Statement and Certification of Actual Capital Grant Costs presented on page 31 and the Financial Data Schedule presented on pages 32 through 38 are also not required parts of the financial statements are presented for purposes of additional analysis as required by the U.S. Department of Housing and Urban Development. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the Schedule of Expenditures of Federal Awards, the Schedule of Actual Capital Fund Program Costs and Advances, the Statement and Certification of Actual Capital Fund Grant Costs, and the Financial Data Schedule are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated September 21, 2015 on my consideration of the Housing Authority of Plainfield's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority of Plainfield's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS
Housing Authority of Plainfield
December 31, 2014

As Management of Plainfield Housing Authority, we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this report.

A- Financial Highlights

1- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$6,816,105 (net position) as opposed to \$8,653,018 for the prior fiscal year.

2 – As of the close of the current fiscal year, the Authority's proprietary fund reported a deficit in Unrestricted Net Assets of \$ 294,193.

3 – The Authority's unrestricted cash balance at December 31, 2014 was \$2,637,496 representing an increase of \$ 1,435,282 from the prior fiscal year.

4 – Restricted cash at December 31, 2014 of \$211,375 consists of excess housing assistance payments as well as FSS escrow deposits related to the Section 8 Housing Choice Voucher program.

5 – The Authority had total operating revenues of \$13,682,041 and total operating expenses of \$14,617,219 (including depreciation of (\$317,775) for the year ended December 31, 2014.

6 – The Authority's capital outlays for the fiscal year ended December, 2014 totaled \$268,647 and represented additions to capital assets at Westend Gardens and Richmond Towers

7 – The Authority's expenditures of federal awards amounted to \$12,001,128 for the fiscal year.

B – Using the Annual Report

1 – Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's financial statements and notes to the financial statements included in the this report were prepared in accordance with GAAP applicable to governmental entities in the United States of America for proprietary fund types.

2 –Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. They consist of the Statement of the Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows.

The Statement of Net Position presents information on all the Authority's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of unrelated cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g.; depreciation and earned but unused vacation leave).

The financial statements report on the Authority's activities. The activities are primarily supported by HUD subsidies and grants. The Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations.

3 – Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The Notes to the Financial Statements can be found in this report after the financial statements.

4 – Supplemental Information

The Schedule of Expenditures of Federal Awards is presented for purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-profit Organizations. The schedule of expenditures of Federal awards can be found on page 28 of this report.

C – The Authority as a Whole

The Authority's net position decreased during the fiscal year by \$1,836,913 due primarily to the HUD approved closing of the Elmwood Gardens location during the current year. This property was approved for demolition by HUD in late 2013 and as such all assets with the exception of Land were written off in the current year. A loss of \$1,052,013 was attributable to this event. The majority of residents were given Section 8 vouchers while others have been successfully transitioned to other properties.

By far, the largest portion of the Authority's net assets reflects its investment in capital assets (e.g., land, buildings, equipment and construction on process). The Authority uses these capital assets to provide housing services to its tenants; consequently, these assets are not available for future spending. The unrestricted net assets of the Authority are available for future use to provide program services. Restricted net assets represent unexpended housing assistance payments subsidies which are available only to make housing assistance payments to eligible families.

D – Budgetary Highlights

For the year ended December 31, 2014, individual program or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

E – Capital Assets and Debt Administration

Capital Assets

As of December 31, 2014, the Authority's investment in capital assets for its Proprietary Fund was \$7,165,393 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment and construction in progress.

Major capital assets of \$268,647 were purchased during the fiscal year.

Additional informational on the Authority's capital assets can be found in Note 5 to the Financial Statements which is included in this report.

Long Term Debt

As of December 31, 2014 loans to acquire and rehabilitate property of Plainfield Community Development Corporation totaled \$590,540. \$50,762 of the loans are classified as current liabilities in the statement of net position, and \$539,778 are classified as long-term loans. Other long-term debt of the component unit also included a \$360,000 non-interest bearing loan received from Plainfield Housing Finance Corporation. The loan is an advance on open account without a fixed maturity date.

F – Summary of Significant Changes

1. Unrestricted cash and cash equivalents increased by \$1,435,282. The primary reason for the increase was the sale to Unisom of the Authority's future antenna revenue contracts. The Authority received \$1,278,260 which will be amortized over the 20 year terms of the contract, and is reported as deferred inflows of resources on the financial statements.
2. Tenant revenue decreased by \$233,411 or 19% due to the closing of the Elmwood Gardens property. This location provided housing for 120 family units. HUD operating grants increased by \$290,388 primarily due to the increase in Housing Choice Voucher Subsidy associated with additional vouchers given to families leaving the Elmwood Gardens location.
3. Tenant service costs decreased by \$ 237,117 or 145 %, during the current fiscal year as costs associated with relocation of Elmwood residents were no longer incurred.
4. Utilities expense decreased by \$ 205,324 (from \$1,436,751 in 2013 to \$1,231,427 in 2014) this reduction can be attributed to the closing of the Elmwood Gardens location.
5. Maintenance expense increased by \$ 406,019 due to closing and pre-demolition expenses associated with the Elmwood Gardens property .
6. Extraordinary maintenance decreased by \$137,975 as a result of a fire in 2013 in the West end garden location (all costs were covered by insurance) plus losses sustained by superstorm Sandy to Richmond Towers. No similar costs incurred in the current year.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

G – Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the fiscal year ending December 31, 2014.

1 – The state of the economy, particularly its effect on tenant incomes, which are used in determining tenant rents paid to the Authority.

2 – The continued cutbacks effecting HUD subsidies and grants.

3 – The use of the Authority's net assets to fund any shortfalls arising from a possible economic downturn and reduced subsidies and grants. The Authority's net assets appear sufficient to cover any potential shortfall.

4- The closing of the Elmwood Gardens location during the latter part of 2013

H – Contacting the Authority's Financial Management

The financial report is designed to provide a general overview of the Authority's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director, Plainfield Housing Authority 510 East Front Street, Plainfield, NJ 07060.

HOUSING AUTHORITY OF PLAINFIELD
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014

Note 1. Nature of Organization and Description of Programs

The Housing Authority of Plainfield (the "Authority") is a governmental, public corporation created under federal and state housing laws as defined by State statute (NJ, S.A. 4A: 12A-1, et. Seq., the "Housing Authority Act") for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate income families residing in the City of Plainfield, New Jersey. The Authority is responsible for operating certain low-rent housing programs administered by the U.S. Department of Housing and Urban Development ("HUD"). These programs provide housing for eligible families under the United States Housing Act of 1937, as amended.

The Authority is governed by a board of commissioners which is essentially autonomous but is responsible to HUD and the State of New Jersey, Department of Community Affairs. An executive director is appointed by the Authority's board to manage the day-to-day operations of the Authority.

The Authority maintains its accounting records by programs which include the following:

Low Rent Public Housing Program

The Low Rent Public Housing Program is designed to provide low-cost housing within the City of Plainfield. Under this program, HUD provides funding via an annual contributions contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

Housing Assistance Payment Program - Section 8

The Authority administers a program of rental assistance payments to private owners on behalf of eligible low-income families under Section 8 of the Housing and Urban Development Act of 1974. The program provides payments covering the difference between the maximum rental on a dwelling unit, as approved by HUD, and the amount of rent contribution by a participating family.

Public Housing Capital Fund Program

The purpose of the Capital Fund Program is to provide another source of funding to cover the cost of physical and management improvements and rehabilitation on existing low-income housing and improving the central office facilities. Funding for this program is provided by grants from HUD.

Shelter Care Plus Program

This program offers grants to states and local governments, public housing authorities (PHAs) and other entities to provide rental assistance to homeless persons with disabilities. Rental assistance grants must be matched in aggregate by supportive services that are equal in value to the rental assistance and appropriate to the needs of the population served. It is a tenant-based program.

Note 1. Nature of Organization and Description of Programs(Continued)

Congregate Housing Services Program

The Congregate Housing Services Program offers grants to states, units of general local government, PHAs, tribally designated housing entities, and local nonprofit housing sponsors to provide meals and other supportive services needed by frail elderly residents and residents with disabilities in federally subsidized housing. It is a project-based rather than a tenant-based program.

Note 2. Summary of Significant Accounting Policies

Reporting Entity

In accordance with statement No. 39 Government Accounting Standards Board ("GASB"), the Authority's financial statements include those of the Housing Authority of Plainfield and its component unit. Component units are legally separate, tax-exempt organizations that meet all of the following criteria:

- The economic resources received by the separate organization are almost entirely for the direct benefit of the Authority.
- The Authority has the ability to access a majority of the economic resources held by the separate organization.
- The economic resources referred to above are significant to the Authority.

Based upon the application of these criteria, this report includes all programs and activities operated by the Authority, including the component unit described below. Also, the Authority is not included in any other reporting entity on the basis of such criteria.

Component Unit

The Plainfield Community Development Corporation is a not-for profit corporation formed in 2007 by the Housing Authority of Plainfield to pursue the promotion and development of low and moderate income housing in the City of Plainfield, New Jersey. It is a legally separate entity and meets the criteria of a component unit as listed above. Based on the criteria and in accordance with GASB 39, the transactions of the Plainfield Community Development Corporation are included in the financial statements of the Authority as a discrete presentation.

Basis of Accounting

The Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

HOUSING AUTHORITY OF PLAINFIELD
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014

Note 2. Summary of Significant Accounting Policies (Continued)

The programs of the Authority are organized as separate accounting entities. Each program is accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, net position (program equity), revenues, and expenses. The individual programs account for the governmental resources allocated to them for the purpose of carrying on specific programs in accordance with laws, regulations, or other restrictions, including those imposed by HUD. The funds of the Authority are all considered enterprise funds that are used to account for activities that are operated in a manner similar to those found in the private sector.

All enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenue, expenses, gains, and losses resulting from exchange and exchange-like transactions are recognized when exchanges take place.

The Authority's primary source of non-exchange revenue relates to grants and subsidies. In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*, grant and subsidy revenue are recognized at the time eligible program expenditures occur and/or the Authority had complied with the grant and subsidy requirements.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Activities that Use Proprietary Fund Accounting*, the Authority has elected to apply all Financial Accounting Standards Board pronouncements, Accounting Principles Board Opinions and Accounting Research Bulletins issued that do not conflict with or contradict GASB Pronouncements.

Other Post Employment Benefits

The Authority has adopted Statement No. 45 of the Government Accounting Standards Board ("GASB 45") *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pension* was issued in June 2004. This Statement requires the Authority to account for its "other postemployment benefits" (OPEB) in essentially the same way as it accounts for pension benefits. OPEB includes medical, prescription drug, dental, vision, life insurance and disability benefits provided to retirees and certain terminated employees.

As disclosed in Note 13, this statement improves the relevance and usefulness of financial reporting by requiring systematic, accrual-basis measurement and recognition of OPEB costs over a period that approximates employees' years of service.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates used in these financial statements include the allowance for doubtful accounts, accrued expenses and other liabilities, and depreciable lives of properties and equipment. Actual results could differ significantly from these estimates.

Cash and Cash Equivalents

New Jersey Authorities are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey authorities. The Authority is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires governmental units to deposits public funds only in public depositories located in New Jersey, when the funds are secured in accordance with the act.

HUD requires housing authorities to invest excess funds in obligations of the United States, certificates of deposit or any other federally insured investment.

HUD also requires that deposits be fully collateralized at all times. Acceptable collateralization includes Federal Deposit Insurance Corporation and Federal Surety and Loans Insurance Corporation insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority. It is the Authority's policy to maintain collateralization in accordance with state and HUD requirements.

For the statement of cash flows, cash and cash equivalents include all cash balances and highly liquid investment with a maturity of three months or less at time of purchase.

HOUSING AUTHORITY OF PLAINFIELD
NOTES TO THE FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Accounts Receivable-Tenants

Rents are due from tenants on the first day of each month. As a result, tenants receivable balances primarily consist of rents past due and vacated tenants. An allowance for doubtful accounts is established to provide for all accounts, which may not be collected in the future for any reason. Collection losses on accounts receivable are charged against the allowance for doubtful accounts.

Prepaid Expenses

Prepaid expenses represent amounts paid as of year-end that will benefit future operations.

Inventory

The Authority's inventory is comprised of office supplies and maintenance materials and supplies. Inventory is valued at the lower cost or market, and the Authority uses the first-in, first-out (FIFO) flow assumption in determining cost. If inventory falls below cost due to damage, deterioration or obsolescence, the Authority establishes an allowance for obsolete inventory. At December 31, 2014, inventory is shown net of an allowance for obsolescence of \$1,575.

Investments

Investments, if any, consist of bank certificates of deposit and are carried at fair value. Investments are in financial instruments approved by HUD.

Capital Assets

Fixed assets are stated at cost. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Expenditures determined to represent additions or betterments are capitalized. Upon the sale or retirement of fixed assets, the cost and related accumulated depreciation is eliminated from the accounts and any related gain or loss is reflected in the Statement of Revenues, Expenses and Changes in Net Position. Depreciation is calculated using the straight-line method based on the estimated useful lives of the following asset groups:

- Furniture and Equipment 3-5 Years
- Buildings 40 Years

The Authority has established a capitalization threshold of \$1,000.

Impairment of Long Lived Assets

In accordance with GASB, 42 management reviews for the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An impairment loss would be recognized when estimated future cash flows expected to result from the use of the asset and its eventual disposition is less than its carrying amount. Management has not identified any such impairment losses.

Note 2. Summary of Significant Accounting Policies (Continued)

Compensated Absences

Compensated absences represent amounts to which employees are entitled to based on accumulated leave earned in accordance with the Authority's personnel policy. Employees may be compensated for accumulated vacation leave in the event of retirement or termination from service at the current salary. Employees may carry over 30 vacation days each year. Employees accrue sick days at the rate of one day per month for the first year and fifteen days per calendar year thereafter. On termination, regular employees with ten or more years of service are paid 33 1/3% of accrued sick time and all other employees who were terminated in good standing receive 25% of accrued sick time up to a maximum of \$15,000.

Inter-program Receivables and Payables

Inter-program receivables/payables are current, and are the result of the use of the public housing program as the common paymaster for shared costs of the Authority. Cash settlements are made periodically, and all inter-program balances net zero. In accordance with GASB Statement No. 34, inter-program receivables and payables are eliminated for financial statement purposes; however they are reflected in the accompanying Financial Data Schedule as required by HUD.

Taxes

The Authority is a unit of local government under New Jersey law and is exempt from real estate, sales and income taxes.

Operating Revenues and Expenses

The Authority defines its operating revenues as income derived from charges to residents and others for services provided as well as government subsidies and grants used for operating purposes. Operating expenses are costs incurred in the operation of its program activities to provide services to residents and others. The Authority classifies all other revenues as non-operating.

Equity Classifications

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position - Consist of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Net position restricted by law includes housing assistance payment reserve.

HOUSING AUTHORITY OF PLAINFIELD
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014

Note 2. Summary of Significant Accounting Policies (Continued)

Unrestricted net position – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Budgets and Budgetary Accounting

The Authority is required by contractual agreements to adopt annual, appropriated operating budgets for all its enterprise funds receiving federal expenditure awards. All budgets are prepared on a HUD basis, which is materially consistent with accounting principles generally accepted in the United States of America. All appropriations lapse at HUD’s program year end or at the end of grant periods.

Economic Dependency

The Section-8 and Low Rent Housing Program of the Authority are economically dependent on operating grants and subsidies from HUD. The programs operate at a loss prior to receiving grants.

Risk Management

Significant losses are covered by commercial insurance for all major programs. There have been no reductions in insurance coverage for 2013, 2012 and 2011. Settlement amounts, except for deductibles, have not exceeded insurance coverage for the past three years.

Fair Value Measurements

The Authority accounts for fair value measurements in accordance with FASB ASC 820, *Fair Value Measurements*, which establishes a hierarchy for the inputs used to measure fair value based on the nature of the data input, which generally ranges from Level 1 to Level 3. Multiple inputs may be used to measure fair value.

Level 1 – Measurements that are most observable are based on quoted prices of identical instruments obtained from principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to ensure liquidity

Level 2 – Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid. Measurements may consider inputs that other market participants would use in valuing a portfolio, quoted market prices for similar securities, interest rates credit risks and others.

Level 3 – Measurements that are least observable are estimated from related market data, determined from sources with little or no activity from comparable contracts, or are positions with longer durations.

Deferred Outflows/Inflows of Resources and Net Position

The Authority has adopted Government Accounting Standards Board Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position*, which was issued in June 2011. This Statement, among other things, provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources as defined by Concepts Statement No. 4, *Elements of Financial Statements*. The Statement further identifies net position as the residual of all other elements presented in the statement of financial position.

New GASB Pronouncements

Management is currently evaluating new GASB pronouncements and will consider adopting them as appropriate.

Note 3. Cash and Cash Equivalents

At December 31, 2014, the Authority had funds on deposit in checking and money market accounts. All bank deposits as of the balance sheet date are covered by the Government Unit Depository Protection Act of the State of New Jersey, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the Authority's name.

For the fiscal year ended December 31, 2014, the carrying amount of the Authority's cash was \$ 2,848,871 and the bank balances approximated \$ 3,066,928.

Note 4. Financial Instruments at Fair Value

| | <u>\$ 590,540</u> |

Other Long Term Debt

Loan to Plainfield Community Development Corporation

Loan payable represents a \$360,000 non-interest bearing open advance from the Plainfield Housing Finance Company, an affiliate of Plainfield Housing Authority, to the component unit. The advance was used to purchase a certificate of deposit that in turn was used to secure the two lines of credit referred to in Note 6. In year 2010 this advance was converted into a long term loan with a maturity date of December 31, 2019. Plainfield CDC's management will seek to convert this debt into a grant.

Due to Plainfield Housing Finance Corporation

Loan payable also represents a \$ 410,000 non-interest bearing note from the Plainfield Housing Finance Corporation to the Authority. The due date of the note is not stated. However management will seek to convert this debt into a grant.

Note 9. Payments in Lieu of Taxes

Under Federal, State, and local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority is required to make a payment in lieu of taxes (PILOT) for the Authority's owned housing program in accordance with the provisions of its cooperation agreement with the City of Plainfield. Under the cooperation agreement, the Authority must pay the township the lesser of 10% of its net shelter rent or the approximate full real property taxes. During the year ended December 31, 2014 the Authority did not incur PILOT expense.

Note 10. Pension Plan

Public Employees Retirement System

The Authority participates in the Public Employees Retirement System (PERS), a cost-sharing multiple employer defined benefit pension plan administered by the Division of Pensions within the Department of Treasury, State of New Jersey. PERS provides retirement, death and disability benefits, as well as medical benefits for certain qualified members and beneficiaries. The PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. The PERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the State of New Jersey, Division of Pensions CN-295, Trenton, NJ 08625, (609) 777-1777.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994 and Chapter 115, P.L. of 1998, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employer contributions are actuarially determined annually by the Division of Pensions. Employee contributions are currently 5.5% of base wages. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments, the cost of medical premiums after retirement for qualified retirees, and noncontributory death benefits.

The Authority's contribution for 2014 amounted to \$ 157,550.

Note 11. Other Post-Employment Benefits (OPEB)

Annual OPEB Cost and Net OPEB Obligation

The Authority provides subsidized benefits at retirement for medical insurance and reimbursement for Medicare Part B premium reimbursement for individuals meeting eligibility requirements for the coverage. All benefits are provided for the lifetime of the retiree. The funding policy for the Authority's OPEB contributions was established by and may be amended only by Board resolution. The Authority's annual other postemployment benefit ("OPEB") cost (expense) is calculated based on the annual required contribution of the employer ("ARC") , an amount actuarially determined in accordance with parameters of GASB Statement No. 45.

Note 11. Other Post-Employment Benefits (OPEB)(Continued)

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period of the working lifetime of the individual employee. The following table shows the components of the Authority's annual OPEB costs for the fiscal year, the amount actually contributed to the plan and changes in the Authority's net OPEB obligation to the plan:

| | |
|--|------------|
| Annual Required Contribution | \$ 180,973 |
| Interest on net OPEB obligation | \$ -0- |
| Adjustment to annual required contribution | \$ -0- |
| Annual OPEB cost (expense) | \$ 180,973 |
| Contributions made | \$ 79,664 |
| Increase in net OPEB obligation | \$ 101,309 |
| Net OPEB Obligation - beginning of year | \$ 324,151 |
| Net OPEB Obligation - end of year | \$ 425,460 |

The Authority's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation for the 2014 fiscal year and the three preceding years were as follows:

| Fiscal Year Ended | Annual OPEB Cost | Percentage of Annual OPEB Cost Contributed | Net OPEB Obligation |

As of January 1, 2014, the most recent valuation date, the plan was 0.0% funded. The actuarial liability for benefits was \$ 2,747,221 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$ 2,747,221.

HOUSING AUTHORITY OF PLAINFIELD
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014

Note 11. Other Post-Employment Benefits (OPEB)(Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented in the required supplementary information following the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by employer and plan members) and include the types of benefits provided at the time each valuation and the historical pattern of sharing benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The results were prepared and based on the projected unit credit method. Valuation assumptions are based on a discount rate of 4% and the annual health care cost inflation rates of 10% declining to 1% per year to an ultimate trend assumption of 5%. The results are based on reviewing electronic census information (record-by-record review), retiree plan information, benefit cost information, and other summary information of retiree benefits and eligibility.

Actuarial value of assets: Market value
 Amortization of initial UAAL: Amortized over thirty years.

Note 11. Other Post-Employment Benefits (OPEB)(Continued)

Detailed summaries of assumptions, benefit provisions and demographic census information included in the actuarial report are prepared by Aquarius Capital. The opining actuary, Michael Frank, President at Aquarius Capital, is a member of the American Academy of Actuaries, Associate of the Society of Actuaries, and Fellow of the Conference of Consulting Actuaries, and meets the qualification standards of the American Academy of Actuaries to render the actuarial opinion on the Housing Authority of Plainfield.

Note 12. Risks and Uncertainties

Contingencies:

The Authority receives financial assistance from HUD in the form of grants and subsidies. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by HUD. As a result of these audits, costs previously reimbursed could be disallowed and require payments to HUD. As of December 31, 2014, the Authority estimates that no material liabilities will result from such audits.

Litigation:

In year 2011 the Authority filed a claim against Liberty Community Associates, the parent company of the Liberty Village Project, a housing project for which the Authority acts as managing agent. The Authority demanded payment of \$ 294,047 in management fees for services rendered during years 2009 and 2010. At the end of year 2012, the litigation was uncertain and the settlement amount was unknown. Accordingly, the Authority recorded an allowance of \$125,000 against the claim. In year 2013 the litigation was settled for approximately \$169,000.

Note 13. Housing Choice Voucher Program -Net Position

HUD Notice PIH 2006-03 issued January 11, 2006 provides that any budget authority provided to Public Housing Authority's ("PHA's) in a calendar year that exceeds actual program expenses for the same period must be maintained in a PHA's undesignated fund balance account (unrestricted Net Position) in accordance with generally accepted accounting principles. A PHA must be able to differentiate HAP Equity (budget authority in excess of HAP expenses) from administrative fee equity (administrative fees earned in excess of administrative costs).

Subsequently HUD issued PIH Notice 2008-15 on March 20, 2008 which says that for calendar year 2008 any budget authority that exceeds actual program expenses for the same period must be maintained in the Authority's Net Restricted Assets Account for HAP. Excess administrative fees must be maintained in the Authority's Net Unrestricted Asset Account for Administrative Fee.

Note 13. Housing Choice Voucher Program -Net Position(Continued) --

The Authority has adopted the foregoing provision for its 2014 financial statements. Accordingly, as of December 31, 2014, the Housing Choice Voucher Program maintained the following components of Net Position:

| | |
|------------------------------------|------------|
| Restricted Net Position-HAP Equity | \$ - |
| Unrestricted Administrative Fee | 144,360 |
| | <hr/> |
| | \$ 144,360 |

Note 14. Subsequent Events

There were no events or transactions that have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in the financial statements.

Subsequent events have been evaluated through September 21, 2015 which is the date the financial statements were available to be issued.

COMPLIANCE AND INTERNAL CONTROL

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**INDEPENDENT AUDITOR'S REPORT**

To the Board of Commissioners of
Housing Authority of Plainfield

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the aggregate enterprise funds, business activities and the discretely presented component unit of the Housing Authority of Plainfield (the "Authority") as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued my report thereon dated September 21, 2015.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2014-1, 2014-2.

The Authority's Response to Findings

The Authority's responses to the findings identified in my audit are described in the accompanying schedule of findings and questioned costs. The Authority's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133****INDEPENDENT AUDITOR'S REPORT**

To the Board of Commissioners of
Housing Authority of Plainfield

Report on Compliance for Each Major Federal Program

I have audited the Housing Authority of Plainfield's (the "Authority") compliance with the types of compliance requirements described in the *OMB Circular A-133, Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2014. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs.

Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and the circular require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination on the Authority's compliance.

Opinion on Each Major Federal Program

In my opinion, the Housing Authority of Plainfield complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Other Matters

The results of my auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as 2014-01 and 2014-02. My opinion on each major federal program is not modified with respect to these matters.

The Authority's responses to the noncompliance findings identified in my audit are described in the schedule of findings and questioned costs and corrective action plan. The Authority's responses were not subjected to the auditing procedures in the audit of compliance and, accordingly, I express no opinion on the responses.

Report on Internal Control over Compliance

Management of the Housing Authority of Plainfield is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Housing Authority of Plainfield's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Housing Authority of Plainfield's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and program will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Special Tests, Eligibility
CFDA 14.850 Low Income Housing Program
U.S. Department of Housing and Urban Development

Criteria

The Authority is required to determine that all applications for admission to the Low Income Housing Program meet the eligibility and continued occupancy requirements. The process includes the performance and documentation of income verification, obtaining appropriate identification, annual re-certifications and re-inspections.

Conditions

Of the fifty (50) files selected for testing (25 West End Gardens and 25 Richmond Towers) I noted eight(8) files from West End Gardens with one or more of the following exceptions:

- 2 with no evidence to verify that tenants were chosen from the waiting list before being offered housing.
- 1 with no evidence of signed consent of release of information form.
- 1 with no evidence of third-party verification of income.
- 5 with no evidence of appropriate identification.
- 5 with no evidence of a signed lease agreement.
- 2 with no evidence of timely recertification during the audit year.
- 1 with no evidence that unit was inspected in year 2014.

Effect

Failure to adhere to eligibility and continued occupancy requirements for the Low-Income Housing Program as set forth in HUD regulations could subject the Authority to increased monitoring and possible sanctions. Furthermore, failure to follow eligibility requirements, including timely recertification and adequate documentation could cause the admission of tenants who are not eligible for the program.

Cause

The project manager may not have had sufficient training and had not been properly monitored in performing tenants' eligibility and continued occupancy requirements. Management lacks adequate internal control over compliance for this program.

Recommendation

The Authority has made progress over the prior year and has improved the internal control over compliance for this program. The above exceptions are not considered material non-compliance. I recommended that the Authority continue to strengthen its controls over eligibility and continued occupancy by ensuring that employees who perform tenant recertification receive additional training to perform this function. Management should also perform quality reviews of tenant files on a regular basis. This comment is repeated from the prior year.

Management Response

It is management's policy to provide continuous training for the employees of its Low-Income Housing Program. The Authority is still reviewing and updating files. Additional training is required for new personnel and as more training is received, recertification, re-examination, inspection and other documentation will continue to improve and meet HUD's guidelines for file maintenance.

Corrective Action Plan

To strengthen internal control over compliance with this program, the executive director will ensure that new project managers receive adequate training. The director will meet with the project manager to review efforts in maintain the documentation required for the program. A sample of tenant files will be independently selected and reviewed for compliance.

Allowable Costs/Cash Management/Sub-Recipient Monitoring
CFDA 16.541 Youth Gang Initiative
U.S. Department of Justice

Criteria

OMB Circular A-110 requires all recipients of federal awards, including sub-recipients, to have a financial management and reporting system in place that (1) is capable of capturing accurate, current, and complete financial results of each federal program; (2) maintains records that identify adequately the source and application of federal funds; (3) has effective control over and accountability of funds for federally sponsored activities (4) has procedures for determining reasonableness, allocability and allowability of costs in accordance with the grant agreement; and (5) maintains accounting records supported by source documentation.

OMB Circular 102 requires the Authority to establish procedures to ensure that reports of sub-recipient's cash balances and cash disbursements be received on a timely basis. Further, the Authority must monitor the cash drawdowns by its sub-recipient to ensure that the sub-recipient conforms to timing standards as set forth by the Circular.

Condition

The sub recipient of the U.S. Department of Justice grant did not have a financial management and reporting system in place that met the standards of OMB Circular A-110. Also, the Authority did not have a system in place to monitor and regulate the drawdowns of its sub-recipient.

Effect

The information reported by the sub-recipient to the Authority could not be traced to a financial management system or to source documents. As a result of this condition, the auditor could not determine if the drawdowns of federal funds were for reasonable, allowable and allocable costs related to the Juvenile Justice grant. The information submitted to the Authority by the sub-recipient at December 31, 2011 and continuing through 2013 reported drawdowns of \$250,000, expenditures of 155,505 and a cash balance of \$ 5,788. Thus, drawdowns exceed reported expenditures by \$94,495 which was reported as a questioned cost in year 2011.

Cause

The Authority did not ensure that the sub-recipient had a financial management and reporting system in place that conformed to OMB Circular A-110 standards. Although the Authority had a procedure in place to monitor the activities of its sub-recipient, including control over the drawdown of federal funds, the sub-recipient did not follow the Authority's internal controls set up for this grant. The sub-recipient consistently failed to follow agreed upon compliance procedures in that prior to draw downs, complete and accurate cost documentation was not provided to the Authority. The sub-recipient failed to provide the Authority with all required quarterly reports. The sub-recipient failed to provide a complete and accurate budget revision and/or cost estimates as requested by the Authority. The sub-recipient (without permission or notification) redirected the grant deposits from an Authority controlled and managed bank account to a co-mingled privately held bank account; contrary to agreed upon procedure.

Recommendation

I recommend that the Authority strengthen its internal controls with respect to the activities of sub-recipients. Such controls must include ensuring that the sub-recipient's financial system meets the requirements to receive federal awards and that the Authority ensures complete control of the drawdowns such that sub-recipients can only receive funds supported by actual expenditures. The Authority should refrain from giving advances.

SECTION III-FEDERAL AWARD FINDINGS AND QUESTIONED COSTS(Continued)

Management Response

The Housing Authority of Plainfield had a monitoring and reporting system for sub recipients in place during the fiscal year end December 31, 2011. However the grant sub- recipient and project director failed to follow agreed upon procedures on numerous occasions. As a result of the sub-recipient's failure to comply with the Authority's repeated requests for documentation and control over program expenditures, management requested the Department of Justice to redirect the grant funds directly into a bank account controlled and maintained by the Authority to which the sub recipient did not have access. Without the authorization of the Authority, the sub-recipient again instructed the grantor to deposit funds directly into the sub-recipient's account thereby bypassing the critical control, review and monitoring of activity by the Authority .

Corrective Action Plan

The grant sub-recipient and project director failed to follow agreed upon procedures on numerous occasions. As a result of the sub-recipient's failure to comply with the Authority's repeated requests for documentation and control over program expenditures, the Authority requested to Department of Justice to redirect the grant funds directly into a Plainfield Housing Authority controlled and maintained bank account to which the sub-recipient does not have access.

SECTION IV-FOLLOW UP OF PRIOR AUDIT FINDINGS

Reference 2013-1

Employee not eligible for position held

Condition

During my tests of personnel files, I noted that one employee did meet the minimum education requirement prescribed for the position and consequently was ineligible to hold the title for the position.

Management Response

The employee hired was highly recommended with the minimum educational requirements. During the interview, it was determined that the prospective employee possessed all of the prerequisites. The candidate had over thirty years of experience in bookkeeping and accounting at another housing authority. All references were good.

Since the candidate had all of the experience needed and certifications, the Authority determined that a degree was not necessary. When informed by the Civil Service that the employee was not eligible for the position, the employee agreed to retire on October 10, 2014.

Current Status

This condition has been corrected and was not observed during the current audit.

Eligibility

CFDA 14.871 Housing Choice Voucher Program

CFDA 14.238 Shelter Care Plus

U.S. Department of Housing and Urban Development

Condition

Of the thirty (30) files selected for testing, management did not provide sufficient documentation to continued occupancy. The following exceptions were noted:

- 3 inspections were not performed timely.

Management Response

It is the Authority's policy to ensure that all files contain the appropriate documentation for admission and continued occupancy as prescribed by HUD. Employees receive periodic training in recertification procedures and checklists are used to ensure the completeness of files. The Authority will continue to strengthen its monitoring to ensure compliance with HUD requirements. Also, the Authority now has sufficient staff to perform inspections timely.

Current Status

This condition has been corrected and was not observed during the current audit.

SECTION IV-FOLLOW UP OF PRIOR AUDIT FINDINGS(Continued)

Reference 2013-3

Special Tests, Eligibility

CFDA 14.850 Low Income Housing Program

U.S. Department of Housing and Urban Development

Condition

Of the twenty-eight (28) files selected for testing, the following exceptions were noted for the West End Gardens location.

- 2 files did not contain sufficient evidence to support that tenants were recertified in 2013.
- 2 did not contain evidence that income was verified.
- 1 file did not contain tenant application.
- 2 files did not contain signed Fraud Affidavit form.
- 2 files did not contain a One Strike policy
- 5 file did not contain signed Declaration of Citizenship for all family members.
- 3 files did not contain appropriate identification.
- 2 files did not contain a current signed lease agreement.
- 5 files did not contain evidence that units were inspected in year 2013.

Management Response

It is management's policy to provide continuous training to its Low-Income Housing Program. In prior years the Authority experienced a high turnover due to retirements. During the transition, some of the established internal controls were not followed. As new employees are provided more training, recertification, re-examination, inspection and other documentation will continue to improve and meet HUD's guidelines for file maintenance.

Current Status

Similar conditions, to a lesser extent, were observed in the current audit and are repeated in finding 2014-1.

Allowable Costs/Cash Management/Sub-Recipient Monitoring

CFDA 16.541 Youth Gang Initiative

U.S. Department of Justice

Condition

The sub recipient of the U.S. Department of Justice grant did not have a financial management and reporting system in place that met the standards of OMB Circular A-110. Also, the Authority did not have a system in place to monitor and regulate the drawdowns of its sub-recipient.

Management Response

The Housing Authority of the City of Plainfield (HAP) did have a monitoring and reporting system for sub recipients in place during the fiscal year end December 31, 2013. However the grant sub-recipient and project director failed to follow agreed upon procedures on numerous occasions. As a result of the sub-recipient's failure to comply with the Authority's repeated requests for documentation and control over program expenditures, HAP requested the Department of Justice to redirect the grant funds directly into a HAP controlled and maintained bank account to which the sub recipient did not have access. Without the authorization of HAP, the sub recipient again instructed the grantor to deposit funds directly into the sub recipient's account thereby bypassing the critical control, review and monitoring of activity by HAP.

Current Status

This condition has not been officially cleared by the U.S. Department of Justice. The sub-recipient has assured the Authority that appropriate documentation to support grant expenditures will be provided. However, during year 2014 no documented notification has been received by the Authority or communicated to the auditor. This condition is repeated in finding 2014-2.
